

Draw...Then Write

Students want to learn to draw—it's fun and it's a valuable skill. Drawing is also a terrific motivator to get students to write.

In *Draw...Then Write* students follow picture directions to draw animals, people, and vehicles. After learning basic drawing steps, students learn to draw several variations of the subject. Students then write a paragraph about what they have drawn.

Table of Contents

Dog	2	Pirate	50
Horse	6	Frog	54

How to Use

Each topic in this book contains the same four components. Use all four parts or customize the lessons to the needs of your students. After students have had some experience with the lessons, you may choose to place them in a center.

1

How to Draw a...

Each topic begins with a chart.

Post the chart in a center or make an overhead transparency to use as you guide students step by step through the drawing lesson.

2

Follow the Steps to Draw...

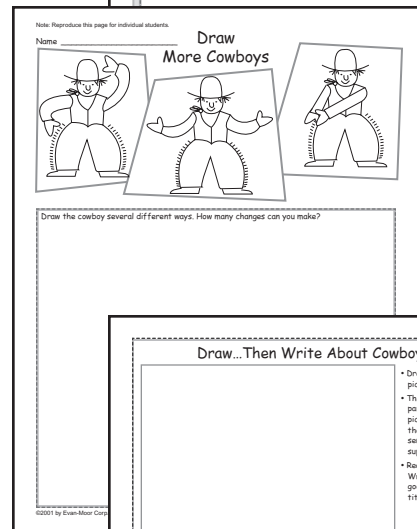

Step-by-step directions and a drawing space are provided for each topic.

3

Draw More...

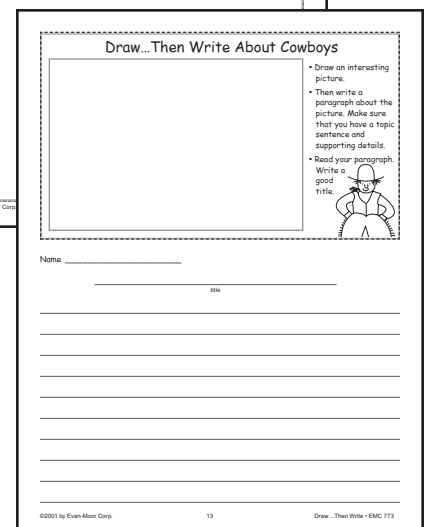

Three variations on the topic are provided along with a drawing space.

4

Draw... Then Write About...

This reproducible form provides space for an original drawing of the subject, accompanied by directions for writing a paragraph about the drawing.

How to Draw a Dog
