For the Teacher

This reproducible study guide to use in conjunction with the novel *The Boy in the Striped Pajamas* consists of lessons for guided reading. Written in chapter-by-chapter format, the guide contains a synopsis, pre-reading activities, vocabulary and comprehension exercises, as well as extension activities to be used as follow-up to the novel.

In a homogeneous classroom, whole class instruction with one title is appropriate. In a heterogeneous classroom, reading groups should be formed: each group works on a different novel at its own reading level. Depending upon the length of time devoted to reading in the classroom, each novel, with its guide and accompanying lessons, may be completed in three to six weeks.

Begin using NOVEL-TIES for reading development by distributing the novel and a folder to each child. Distribute duplicated pages of the study guide for students to place in their folders. After examining the cover and glancing through the book, students can participate in several pre-reading activities. Vocabulary questions should be considered prior to reading a chapter; all other work should be done after the chapter has been read. Comprehension questions can be answered orally or in writing. The classroom teacher should determine the amount of work to be assigned, always keeping in mind that readers must be nurtured and that the ultimate goal is encouraging students' love of reading.

The benefits of using NOVEL-TIES are numerous. Students read good literature in the original, rather than in abridged or edited form. The good reading habits, formed by practice in focusing on interpretive comprehension and literary techniques, will be transferred to the books students read independently. Passive readers become active, avid readers.

Novel-Ties® are printed on recycled paper.

The purchase of this study guide entitles an individual teacher to reproduce pages for use in a classroom. Reproduction for use in an entire school or school system or for commercial use is prohibited. Beyond the classroom use by an individual teacher, reproduction, transmittal or retrieval of this work is prohibited without written permission from the publisher.

Literary Device: Point of view

In literature, the point of view refers to the person telling the story. It can be narrated by a character in the book or by the author. Sometimes even though the book is narrated by the author, it focuses on the thoughts and feelings of only one character. From this point of view, we observe the actions through the eyes of only one of the characters in the story.

Who is telling the story?

On whose thoughts and feelings does the narration focus? Why do you think the author chose this point of view?

Chapters One, Two (cont.)

Literary Element: Setting

In literature, the setting is the time and place in which a story occurs. Setting is especially important in a historical novel such as this one.

What is the setting of this novel?

What details about the setting help make the characters' times and lifestyles seem real?

Social Studies Connection:

Bruno talks about the "Fury," which is a mispronunciation of Fuhrer, the title given to the dictator Adolph Hitler. "The beautiful blonde woman" Bruno refers to is Eva Braun. Do some research to find out more about her and her relationship with Hitler.

Writing Activity:

Bruno's mother tells him to make the best of a bad situation. Write about a time when you had to do this.
